ABOUT OUR CONFERENCE

For the past two years, GDS - Subohi Foundation has been proud to host the GDS Model United Nations, one of the most prestigious and expansive academic events in and around Lucknow. The event attracts a remarkable array of participants with over 150 delegates from schools across the city attending the previous edition. Last year's conference, which extended over two days, featured 6 distinct committees.

WHAT IS MUN?

A Model United Nations (MUN) serves as a dynamic platform where students from diverse institutions convene to engage in discussions and debates on pressing global issues. These debates span across subjects such as politics, human rights, scientific developments, and various other areas of intellectual inquiry. Participation in an MUN not only sharpens students' critical thinking and logical reasoning abilities but also enhances their communication skills, all while building confidence and fostering self-assurance. This experiential learning environment allows students to broaden their horizons and gain a deeper understanding of world affairs, preparing them for future leadership roles.
